Dear Mr. Johnson:

Congratulations to the Kentucky Commission on Human Rights on the auspicious occasion of their Golden Anniversary for service to people of the Commonwealth of Kentucky.

Dr. Martin Luther King, Jr. praised the Kentucky Civil Rights Act "as the strongest and most comprehensive civil right bill passed by a southern state." As a member of the House of Representatives, I applaud Kentucky for leading and continuing efforts in human and civil rights by eliminating discrimination in employment, public accommodations, housing, and financial transactions.

When the time capsule is opened in 2060, my hope is that the future generations who attend the opening will know that Kentucky broke ground in the southern states by envisioning the future with equal justice for all of its citizens.

Sincerely,

A handwritten signature in blue ink that reads "Charlie Hoffman".
